

Your Complete Water Meter Service Solution

Coulter, a division of EARTH (Holdings) Inc., is the **ONLY INDEPENDENT COMPLETE 3RD PARTY WATER METER TESTING, REPAIR AND CALIBRATION FACILITY IN ONTARIO** and has been since 1982. We can service all types of **residential** and **ICI mechanical** and **electronic (magmeters)** meters including:

- Sensus
- Elster
- Neptune
- Endress and Hauser
- Rosemont
- ABB
- Krohne
- McCrometer
- IRT
- Badger
- Fischer-Porter
- Hedland

Why Service Your Water Meters Regularly? About EARTH

- ICI meters make up 30% of the meter population but account for 70% of the water consumed
- Inaccurate or stopped meters result in lost water and sewer revenue
- Reduce unaccounted for water
- Prevent customer billing disputes
- Ensure shut-off and bypass valves are exercised and sealing

EARTH CORPORATION A dynamic group of companies, EARTH is known for its expertise, innovation and resource management. Each company within the EARTH family contributes to its expertise and position as a global front runner – providing leadership, technology, safe and reliable electricity distribution and software solutions, all the while investing in the environment to ensure future stability and security.

What Coulter Can Offer You
